

— Specialty Pharma for pharmacies
and specialist practices

— **The competence
partner at your side**

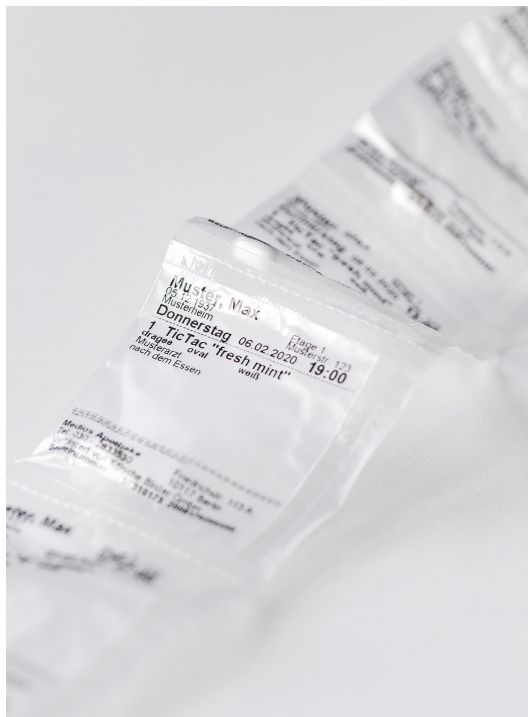

≡ MEDIOS

Competent partner, strong service provider, reliable manufacturer

Patient-specific medicines are becoming increasingly important for serious illnesses.

As the leading Specialty Pharma company, Medios relies on integrated solutions and partnership-based intelligence to ensure optimal care for patients through specialized pharmacies.

Specialty Pharma and more

Pharmaceutical Supply Strong spectrum

We supply pharmacies throughout Germany with patient-specific therapies and finished medicinal products. In doing so, we ensure maximum delivery capability and provide our partners with intelligent services and a comprehensive range of products.

Thanks to optimized processes and efficient structures, we can offer pharmacies attractive purchasing conditions, flexible ordering options and expert support.

For us, Specialty Pharma is teamwork, because we are all pursuing one goal: the best possible, safest, and at the same time cost-optimized care for patients with specialty medications. With our open partner network, we bundle the competencies of all participants and make valuable synergy effects available to everyone.

Our Specialty Pharma indications:

- Oncology
- Autoimmunology
- Neurology
- HIV/Infectiology
- Ophthalmology
- Hemophilia

Support that is good

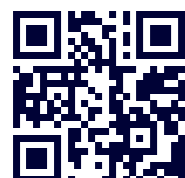

Making complex things simple and answering questions with solutions – as a specialized pharmaceutical supplier, we know what matters in practice and how important competent support is in this area.

Expert advice that goes beyond pharmaceutical issues: The Medios team supports you in responding flexibly to changes in the market at all times. Our experts will also be pleased to assist you in the complex area of health insurance billing.

One partner – many benefits

The cooperation with Medios as an approved wholesale company according to section 52a of Germany's Medicinal Products Act (AMG) offers partner pharmacies many benefits:

- Special supply for various indications
- Maximum stock and delivery capability
- Large, open partner network
- Solutions for optimized stock-keeping
- Competent partners for pharmaceutical, logistical, billing and commercial questions
- Wide range of supplies and services
- 24-hour hemophilia on-call service

Reliable manufacturer of patient-specific therapies

Manufacturing Individual medicines from the experts

In accordance with the strictest Good Manufacturing Practice (GMP) guidelines and with many years of experience, we prepare patient-specific infusion solutions and other parenterals from approved finished medicinal products as a pharmaceutical manufacturer pursuant to section 13 of Germany's Medicinal Products Act (AMG).

Through continuous process optimization in our manufacturing plants, we can guarantee reliable completion at all times and react flexibly to changes in therapy at short notice.

With our broad-based logistics and distribution system, we also ensure that our high-quality products reach pharmacies quickly, safely and reliably.

Highest quality for maximum safety

The highest standards of quality, safety and on-time delivery are the trademarks of our manufacturing operations.

In our clean room laboratories, we manufacture patient-specific infusions and other parenterals strictly according to GMP guidelines. In addition, we supply pharmacies and specialists with investigational medicinal products, which we naturally manufacture in accordance with Good Clinical Practice (GCP).

For maximum transparency and traceability, we document all manufacturing steps and the entire supply chain.

As a high-performance manufacturer, we offer a comprehensive range of products for a wide variety of indications:

- Cytostatic infusions
- Antibody therapies
- Virustatic and antibiotic preparations
- Parenteral nutritional solutions
- Investigational medicinal products

Safe blistering of specialty medications

Our extensive range of services as an expert for Specialty Pharma also includes patient-specific blistering in accordance with GMP guidelines.

On behalf of pharmacies, we blister prescribed medications as patient-specific daily rations in tubular blister packs.
